Rev. Wright will preach at the Christian church Sunday morning and night. He has something interesting to say to you, and expects you to be present. By the arrangement now, there is preaching in our city every Sunday morning and night, so there is no excuse for being bad.

Mrs. Sue Curtis has received several interesting letters from her son, Clyde, in France. He writes he is hopeful of being able to enjoy turkey and old ham with the homefolks Christmas. Here's hoping his wishes will come true. I wonder how many mothers are seeing to it that their home paper gets to the boys "over there?" I know the Interior would be eagerly read by them all, and I hope the Lincoln boys are reading letters from home each week. The thought that maybe they are, helps us to try hard to get every item we can.

Mr. and Mrs. Rawlings, of London,

## SIGNALS OF DISTRESS

Stanford People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Stanford evidence proves their worth.

W. H. Mershon, Lancaster, St., Stanford, says: "I suffered from attacks of kidney trouble and my back was sore and lame and ached dreadfully. It was misery for me to do any stooping or lifting. My sight blurred and black spots came before my eyes, dizzy spells came over me suddenly and I would stagger like a drunken man. The action of my kidneys was too frequent most of the time. Doan's Kidney Pills, from the Lincoln Pharmacy went right to the spot, relieving the backache and regulating the action of my kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mershon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

I heartily recommend Foley Kidney Pills." Sold everywhere.

## WOMAN THINKS SHE IS PRIVILEGED TO TALK

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and every time a doctor, who could only relieve me for short while. Two years ago last February I took a treatment of May's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## ADDITIONAL EDITORIAL

The report comes from Washington that Democratic Leader Kitchen spoke for two days on the new revenue bill. From his past record, we imagined that he could tell all he knew in about thirty seconds.

While the new draft law extends the ages from 18 to 45, it is said that it is not likely that more than 10 above 31 and three below 21 will be called. That's some consolation for the fellows who thought the war would never get them.

The government is about to commandeer the several hundred sumptuous private cars owned by millionaires and others and convert them to sleeping and chair cars. Many millions have been wasted in these costly and magnificent moving palaces and it is well that they will be put to some good use.

The death of Ex-Senator Joseph Clay Styles Blackburn in Washington Thursday, removes one of the nation's prominent figures of the most capital. His death followed a short illness of heart attack, from which he was a chronic sufferer. Senator Blackburn was born in Woodford county in 1838 and represented Kentucky in the U. S. Senate several terms. Mrs. Blackburn preceded him to the grave a year or so ago. The death of Senator Blackburn is a distinct loss to State and nation, but falls heaviest on his large circle of friends, whose admiration for the splendid Kentuckian was wonderful.

With the Courier-Journal, The Times, The Post and all the other Democratic newspapers worthy the name giving Gov. Stanley loyal support and the hatchet that has kept him and Beckham apart buried, we trust never to be resurrected, there is nothing so sure in the future as that Gov. Stanley will take his seat in the United States Senate next March to give the country the best that is in him for the ensuing six years. Let every Democrat appoint himself a committee of one to see that his majority is such that will warm the coals of the heart of the great man at Washington, who will reward his triumphant election as a hearty endorsement of his war policies and a message of confidence in the arduous work he is doing for the relief of mankind.

The War Mothers of America met on Monday afternoon, and had an interesting meeting. Messames Coleman, Reid and Pepples form the Home Service Committee. Is there some one with a car who will offer it to this patriotic committee to visit the families of soldiers?

## WAITING FOR THE PUMPS

Mr. Joe Wieland, who has 14 paying oil wells on his farm in the South End of the county, was in the city Thursday afternoon. Asked how the oil situation is, he said: "Everything is in readiness and we are just waiting for the arrival of the pumps. The pipe line is all laid from Waynesburg to the oil field and it will be only a short time until pumping will begin in earnest." Mr. Wieland is confident that his entire section is underlaid with oil and that the field will be a lasting one.

## DULL TERM OF COURT

The Garrard county grand jury returned only 10 indictments and the term just ended is said to have been the dullist in years. John Sewell was awarded \$800 for personal injuries inflicted by Henry Teater. In the case of Robert Dunn against the L. & N., a verdict for the defendant was given.

## UP AND ABOUT AGAIN

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y. "I commenced taking Foley Kidney Pills and in a few days was out of bed. ## 13% COLUMNS SALE "ADS"

Col. G. B. Swinebroad, the Lancaster "sale wizard," believes in the use of printer's ink, proof of which is shown in the fact that he takes 13% columns of this issue of the I. ## THE LATEST WAR NEWS

Following several weeks of almost painful inactivity, the First American field army, under the direct command of Gen. Pershing, struck a powerful blow at the German lines in the Toul sector yesterday morning and advanced to a depth of five miles at some points along the twenty-mile front. The drive was made on the two sides of the point in the German line known as the St. Mihiel sector. On the south the Americans attacked along a twelve-mile front, and took a number of towns. On the west they attacked over a frontage of eight miles and also took territory. The French in the meantime attacked in the direction of St. Mihiel, between the two American forces, and closed in to the outskirts of the town. The object of this drive is to open a path to an attack on Metz, sometimes called "the Veritas of Germany."

The torpedoing of the American transport with the loss of not a man and the probable destruction of the enemy submarine is regarded in Washington as an allied victory rather than a German one. The saving of the 2,800 men on board and the benching of the large vessel are regarded as wonderful.

For the first time in nearly four years the shadow of gloom has lifted from about Paris, and that great city looks to the future with more optimism than it has felt since the war began. Gen. Foch and Premier Clemenceau—"The Tiger"—have the supreme confidence of the people. Rich and poor alike believe that victory is certain.

Angered at the division of the spoils of war, a strong Turkish force is reported to be on its way to the Bulgarian border. For some months the two countries have been at loggerheads and an open breach has been expected hourly by Germany. Washington officials view the report with the hope that the two nations may break away from German vassalage.

Provost Marshal General Crowder announced Tuesday that of the new draft registrants, men between the ages of 19 to 20 and 32 to 36, both inclusive, will be called first and older men will not be inducted into the service until the classes formed by the younger men are exhausted. Some of the new registrants may be called in October.

## EXCEEDS ESTIMATE

The government's figures for the registration of yesterday in this county are 1,663, but a total of 1,816 men between the ages of 18 and 45 recorded themselves as willing to fight for Uncle Sam in the terrible war that is now being waged. When the registration of June 5, 1917, was taken for ages from 21 to 31, 1,247 men registered, and adding to these the other two registrations of this year, the sum total greatly exceeds 3,000 men subject to battle for this great country. Following is the registration by precincts:
